Description

This workshop will explore the history and definitions of systematic racism and its effects on clients and clinicians. Through experiential exercises, participants will identify their own potential blind spots and understand the implications of interpersonal and cultural biases. Also covered will be the spiritual aspects of the wounding of identity.

Learning Objectives

- Participants will learn the historical development of systemic racism and its continuing effects on the mental health of communities of color
- Participants will explore their own implicit bias and its impact on their clients
- Participants will learn a framework for addressing spiritual wounds that contribute to and are caused by systemic racism

3 core hours of CE credit approved from the Licensed Professional Counselors Association of Georgia, the Georgia Society for Clinical Social Work, and Georgia Association for Marriage and Family Therapy. You must be on time and stay for the entire event to receive CE credit.
